

TOURING U.S. IN MODEL A FORD—

WTCC Map Brings New Zealand Couple to Hamlin

How did a young New Zealand couple touring the United States in a 1930 Model A Ford find their way to Hamlin? Hamlin residents know that their town is not on the usual travel route for tourists, especially those from another country.

The couple, Olly and Nicole Midgley of Christchurch, New Zealand, after 11 weeks in the U.S., were in Carlsbad, N. M., and wanted to come to Texas. The only map of Texas they could find was the West Texas Chamber of Commerce map boosting West Texas.

Travelling one of the routes

marked on the map, they neared this area and Hamlin, marked as number 22, was described "Hospitable people welcome you to hunting, fishing, water sports, two lakes, city park, camping, swimming pool, nine-hole golf course, and the friendliest merchants anywhere."

This sounded like just what they needed for a Thursday evening stop. They asked for information on the camping and their informant said the only spot familiar to him was the Firemen's Cabin on South Lake.

Upon arrival there they found the volunteer firemen

gathered for a summer cookout. The Midgleys' warm, friendly nature and the interest generated by their unusual situation found them quickly among friends. West Texas hospitality being what it is—the couple was soon encouraged to use the facilities of the cabin for their overnight stay.

Friday, a young Hamlin family, Young Bill Maddox, his wife, Jackie, and children, John Bill and Jana, were eager to have the Midgleys visit with them and Young Bill's parents, Mr. and Mrs. Bill Maddox, at their home, 536 Northeast Ave. A.

The Maddoxes planned a hunting outing for Monday, Labor Day, the first day of dove season, and the families spent a lot of time visiting and learning more about their respective locales. They went to Abilene Saturday evening to see the movie "Jaws."

Trip Planned Early

When Nicole Cassidy and Olly Midgley were married in Christchurch April 26, plans were already made for the six-month tour of the United States. Olly had been working on the car, first on the chassis, and then in February

—Continued on page 3

NEW ZEALAND COUPLE VISITS—Mr. and Mrs. Olly Midgley of Christchurch, New Zealand, visitors in Hamlin from Thursday until early Wednesday morning, are touring the United States in their 1930 Model A Ford which they had shipped from New Zealand. Here Nicole holds one of the sheep skins that she and Olly use on the car seats while travelling and then use as part of their bedding when camping at night. The vintage car with right hand drive has been instrumental in helping the couple to make friends as they travel. They were guests of the Young Bill Maddox family while in Hamlin.

And What Have You

By BOB CRAIG

Pipers to Open At Rotan Friday

Another football season gets underway this week with the Pipers traveling to Rotan to take on their long time foes, the Yellowhammers.

The P

The Pipers are not ranked in the state or area rankings, but if the optimism of the coaches and the players is any indication, the Pipers may fool some of the people doing the picking.

The boys looked good last week when they scrimmaged Olney, and with the usual strong backing of the Piper fans, they could get the season off to a good start Friday night against Rotan.

With Monday being the final day for absentee voting in the coming school bond election, we are fast approaching the time for Hamlin voters to make an important decision. Do we want to do what is best for our young people, or do we just want to sit back and watch the world pass us by?

Mrs. Inez Ferguson made a strong appeal to the Lions Club last week to not let this community cheat our children out of these needed facilities. Being both a teacher and a taxpayer she knows that this building program will cost us money but she also knows of the need.

Hamlin has been blessed with a great many young couples coming back home to make their home here and to raise their families. These people want to raise their families in the small town atmosphere, but at the same time they have the right to expect that their children will get a good education.

Nothing could do more to hinder this flow of young people coming back home than to turn down this bond issue to upgrade our schools. For many of us the need for better schools is no longer a personal matter but we should still be concerned about the children of our community.

Many of us no longer have children who will be using the new facilities but someone before us provided the best they could for our children and for ourselves, and now it is time to take care of this generation and those yet to come.

Sure, we are talking about a lot of money, but for most of the people in the district the cost is still small. Those with \$20,000 homes will only pay \$36.00 a year more in taxes. The new buildings could easily offset that amount in the value of the property. Property in a community with good schools and churches is just worth more than it

—Continued on page 4

Hamlin football fans will get their first look at the 1975 version of the Pipers Friday night when they travel to Rotan to take on the Yellowhammers. While they are not ranked in the state's top 10 or the area's top five, the Pipers are beginning to look like they might be another contender for district honors.

But for the football fans who do not want to wait until Friday night for the football action to start, there will be a B game here tonight (Thursday) with Rotan at 6:30. The Junior Varsity will also get their season underway tonight at 7:30 when they take on Abilene Christian High School in Abilene. Junior high fans will have to wait until the following Thursday to see the eighth grade play their first game.

Scouting reports on the Yellowhammers indicate that they have good size and quickness. Offensively, they will operate from the Houston Veer, and on defense they will

be in the split six. Information on individual personnel is skimpy according to local scouting reports since this will be the first game of the season.

Frank Lopez is expected to be the starting quarterback and is rated as a good option runner and an excellent passer. Top runner will be James Goodwin who is quick and runs hard. Kim Gray is the best pass receiver for the Yellowhammers from his split end position.

Coach David Bonds has announced the following starting lineup on his wishbone offense for the Pipers: Gerald Rodgers, 160-pound senior, at quarterback; Delbert Thompson, 195-pound junior, at fullback; Robert Pharris, 145-pound senior, at left halfback; and Daniel Willis, 145-pound senior, at right halfback.

In the line will be Alan Steele, 145-pound senior, at split end; Paul Reynolds, 180-pound junior, at tight end; Allen Young, 175-pound junior, at left tackle; Ken Maberry, 175-pound senior, at right tackle; Steve Williams, 180-pound senior, at left guard; Donnie Nelson, 190-pound senior, at right guard; and Rick Craig, 205-pound senior, at center.

Starting on Piper's Split-Six defense will be Rodgers at safety, Pharris at left halfback, Willis at right halfback, Raymond Jordan, 160-pound senior, at left corner; Russell May, 165-pound senior, at right corner; Thompson at left linebacker; Reynolds at right linebacker; Williams at left defensive end; Allen at right defensive end; David Moore, 190-pound senior, at left defensive tackle; and Craig at right defensive tackle.

Kickoff for the Piper-Yellowhammer contest is set for 8 p.m.

Jones County Gets Education Grant

WASHINGTON, D. C. — Congressman Omar Burleson announces a \$151,581.27 Office of Education grant to the State of Texas for 998 children in Jones County. These funds will provide services for children residing in low-income areas who have need for special educational assistance in order that their level of educational attainment may be raised to that appropriate for children of their age.

The allotment of these funds for fiscal year 1976 are made available under the provisions of Part A of Title I of the Elementary and Secondary Education Act of 1965.

Hamlin PTA To Hold First Meeting Today

The Hamlin Parent Teachers Association will meet today (Thursday) at 4 p.m. at the primary cafeteria for the opening session of the school year, according to Mrs. Joe Don Hymmer, president.

A panel of educators will present a program on the Hamlin School Building Program with Marvin Carlton serving as coordinator. The panel of teachers and principals will present the needs of the district and answer any questions concerning the bond election called for Thursday, Sept. 11.

Serving on the panel with Carlton will be Larry Butler, elementary principal; Mrs. Inez Ferguson, junior high teacher; Miss Bettye Davis, girls physical education teacher and coach; and Tim Jones, band director.

Fire Department To Flush Plugs

The Hamlin Fire Department has announced that they will flush out fire plugs throughout Hamlin Thursday at 7:30 p.m.

The city water will be rusty for some time following this; if white clothing is to be washed, it is suggested to check the water first.

United Way Campaign Is Formed for Hamlin

Plans were made here Thursday evening to form a United Way Campaign for Hamlin which would include as many fund raising projects into one as possible. Luther Haught was elected president of the new organization and the Rev. Jim Smith was named general fund drive chairman.

Eighteen local citizens attended the meeting to hear Gary Mathews of Stamford explain that city's United Way Campaign. Mathews is currently serving as president of that fund raising campaign.

All those present were named directors of the new organization, and plans were made for future directors to be named by the various civic organizations within the city. The present directors serve until next spring.

Efforts are currently being made for an October fund drive which will tie in with area United Way Campaigns. The executive committee composed of Haught, Smith, Bob Craig, vice president,

and Mrs. L. C. Bonds, secretary, will hold a budget session Wednesday, Sept. 10, to review requests by the various agencies who might want to be included in the campaign.

Among the organizations presently being considered for the campaign are: West Texas Rehabilitation Center, Salvation Army, March of Dimes, boys and girls summer baseball programs, Hamlin Child Day Care Center, Summer Youth Recreation program, boy and girl scouting programs, City Fat Stock Show, Cancer and Heart Funds.

Letters will be mailed to these and other organizations advising them of the budget hearing, and they will be requested to submit their request for funds at that time. The budget committee will review the requests and set a drive goal.

Fund Drive Chairman Smith named the directors to the following committees: Advance division: Joe Ford, chairman; Mrs. L. H.

McBride and Lewis Madden. Business division: Luther Haught, chairman; Mrs. Robert Fowler and Pat Willoughby.

Farmers division: Bobby Crowley, chairman; John Scarborough, Milburn Wink and Bill Feagan.

Employees division: O. H. Weaver, chairman; and Mrs. Luther Haught.

Teachers division: Bob Hawes, chairman.

House to House division: Mrs. Bill Feagan, chairman; and Mrs. Roy Pritchard.

Campaign preparation division: Mrs. L. C. Bonds, chairman; and Mrs. E. W. Ueckart.

Poster committee: Mrs. Johnny Waldrop, chairman. Advertising: Bob Craig, chairman.

Officers of the organization have contacted the Texas United Way Commission Services in Austin for information on conducting a United Way Campaign and the information needed to charter the organization with state.

ELECTION SET SEPT. 11—

Absentee Voting Ends Monday On Bond Issue

Absentee voting in the Hamlin Independent School District bond election called for Thursday, Sept. 11, will end Monday, Sept. 8, according to Bob Hawes, superintendent. The district has called a \$1,250,000 bond election for school improvements and an additional \$75,000 bond election for the construction of a track facility.

Those who desire to vote absentee may vote between the hours of 8 a.m. and 4:30 p.m. on each day except Saturday and Sunday. Mrs. J. O. Murphree is absentee clerk and ballots may be secured at the high school. The election will be held in the public school gymnasium between the hours of 8 a.m. and 7 p.m. on Thursday, Sept. 11.

All resident voters living within the school district are eligible to vote in coming election, regardless of whether or not they own property in the district.

The board of trustees of the district are planning a \$1,750,000 building program to build a new middle school building and an auditorium. Plans also call for air con-

ditioning the existing primary and elementary building and some remodeling of the high school building.

The building program was brought about because of the March fire that destroyed the junior high and auditorium building. The district will use the nearly \$500,000 collected in insurance to make up the difference between the bond being sought and the amount of the building project.

The bonds will mature over a 20 year period and will require an increase in the tax rate of 36 cents per \$100 valuation. The track proposal would require an additional 2 cents increase in taxes if it is approved by the voters.

Based on the 36-cent increase, property within the district with a market value of \$3,000 would be on the tax roll at \$1,500, the present taxes would be \$22.50, and the new rate would be \$27.90 or an increase of \$5.40 a year.

Property valued at \$10,000 would increase from the present \$75.00 a year to \$93.00, or an increase of \$18.00. Property valued at \$15,000 would increase from the present \$112.00 a year to

\$139.50, or an increase of \$27.00. Property valued at \$20,000 would increase from the present \$150.00 a year to \$186.00, or an increase of \$36.00.

A home valued at \$25,000 would increase from \$187.50 a year to \$232.50, or an increase of \$45.00. Property valued at \$50,000 would be on the roll at \$25,000 with a tax of \$375.00 and would increase \$90.00 to \$465.00.

The \$75,000 track proposal would increase taxes 20 cents per \$1,000 of actual value of property. Based on this, a home owner with a \$10,000 valued at \$5,000 on the tax roll would pay \$1.00 a year more in taxes if the track issue passes.

TSTI, Local Schools Plan Vocational Training for Adults

Texas State Technical Institute, in cooperation with Hamlin Public School District, is preparing to offer vocational courses for educationally disadvantaged adults.

Vocational courses being offered include auto body, used car reconditioning, automotive brakes, automotive front end and tire balancing, automotive maintenance and repair of the automobile engine and electrical systems, automotive tune-up, arch and oxyacetylene welding, and refrigeration fundamentals.

Others include bookkeeping, filing, office machines, office practice, typing I and II, electronics television, nurse's aide, brick and rock tending, and building trades (pre-apprenticeship).

The courses, mostly basic in nature, are open to any person 18 years of age or older who qualifies as an educationally disadvantaged individual. There will be no fees or other charges for the courses.

For more information, interested parties should contact Marvin Carlton, Hamlin High School, telephone (915) 576-3472.

Ribbons Being Held

Ribbons have been sent to contestants of the Jones County Fair in the Women's and Youth Division, however, a few ribbons are being held in the County Extension agent's office due to incomplete mailing addresses on our tally sheets.

FRIENDSHIPS MADE OVER WEEKEND—A young New Zealand couple and a Hamlin family became good friends over the weekend when Nicole, left, and Olly Midgley, right, chose a route through Hamlin while touring the United States. Young Bill Maddox, center, met the Midgleys Thursday evening when they were directed to the Firemen's Cabin at South Lake. He invited the couple to be guests with his family, wife Jackie, son John Bill and daughter Jana. Nicole holds a sombrero from Mexico, one of their souvenirs. On the left rear window are decals from places they have visited during the 12 weeks in the U.S. The 1930 Model A Ford with right side steering will be sold by the couple at a national meet of antique car enthusiasts in Hershey, N. Y., before they fly to England. The couple left Hamlin Wednesday morning.

New Zealand Couple Visits Here —

—Continued from page 1

he started restoring the body and interior.

Nicole said it soon became a family project because relatives worked long hours helping to get the car ready. The first time it was driven was when it was used as their wedding car. A week later they drove it 300 miles to the port for it to be shipped to the United States. This took five weeks by boat.

The couple flew from New Zealand June 10. After stops in Fiji and Hawaii, they arrived in Los Angeles, Calif., and their car was waiting.

The car had been crated for the trip to prevent pilfering while on board ship, Olly said. The shipping cost \$1,000, he answered.

When asked if they might feel that it would have been more practical to purchase a car after arriving here, they said, "Oh no, the car was in our plans from the very beginning."

"We did not want to be just tourists," Nicole said. She said that they had met people easily and made friends readily because of the car.

Nicole said that they have travelled more slowly than the usual tourists. They are in no hurry. Their visas are for six months. The slower speed and the height of the car allow them to see more, she said.

When people see the 1930 car with right hand drive and New Zealand license plates, it is a real conversation piece. Olly said that the right hand drive without modern directional signals was no problem. "Nicole gives the signals from my instructions," he said.

The Midgleys travelled on Highway One up the Pacific Coast to Canada after visiting friends in San Francisco. From Canada they toured the northwestern states stopping at scenic points. When they were in El Paso, they went into Mexico. Olly quickly added that they did not take the car—they walked. The car receives the special attention of a prized possession.

Their itinerary has included visits with friends, including Seattle, Wash., and in Canada. From here they have Texas friends in Denton and in Center. From Texas they plan to go to Louisiana and then on to Athens, Ga., to visit friends there.

Nicole's mother's aunt lives in Boston and they plan to visit there. They especially want to spend time in the East where American history began, she mentioned.

The couple camps out and prepares meals over an open fire. They buy supplies as they need them, rather than keeping ice, Nicole said. Ice does not seem to be the necessity for the New Zealanders as it is for Americans. The couple had

iced tea for the first time Friday evening with the Maddoxes.

The couple sold their assets and with their savings, Olly said, "we are self sufficient. In the United States we are not permitted to work, but when we go to England and the Continent we will be able to work."

Nicole, 22, is a registered nurse, a graduate of Christchurch School of Nursing. Jackie Maddox, an R.N. at Hamlin Memorial Hospital, teased, "We have already tried to hire her."

Olly, a mechanical engineer who was employed in heating, ventilating and air conditioning, is a graduate of Canterbury University in Christchurch.

The Midgleys have been house guests of persons they have met through antique car groups. Nicole said that this is their first time to stay with people that are not involved or interested in antique cars. She has especially enjoyed discussing nursing methods with Jackie, she said. Jackie took her to see the local hospital.

The couple said their visit in Hamlin had been most enjoyable. They said the Maddoxes and the people of Hamlin had been very gracious and most hospitable, "like the map said. It has been fabulous," they said.

The couple will include

Detroit, Mich., and another trip into Canada before going to a national meet of antique cars and classics in Hershey, N. Y. The four-day meet will draw antique car buffs from across the nation. "We will try to sell the car there," they said.

Their visas expire Dec. 11 but they will likely leave the U. S. in November to go to England. They will work there or on the Continent. They will be permitted to stay there only a limited time, however.

They have found the cost of petrol and automobiles to be less in the U. S., compared to New Zealand. "We pay \$1 per gallon (\$1.32 U.S. dollar value) but the smaller cars used there make travel costs about equal."

Nicole noticed grocery costs in the U.S. to be much higher and was very surprised when in a large supermarket a woman checked out ahead of her with a total bill of over \$70. She said that she spent about \$25 per week for the two of them in New Zealand and this includes meat.

When the Midgleys sell the car before leaving the U.S. the left rear window will likely be covered with decals showing the areas they have visited. When in Hamlin they had five more to add and were given a Hamlin Pied Piper bumper sticker for their collection.

Favorite Recipes

PICKLED SQUASH

Bring to boil:
1 c. vinegar
1/2 c. sugar
1 T. salt
1/2 t. celery seed
1/2 t. mustard seed
Add:
8 c. sliced peeled squash
2 c. sliced onions
1/4 c. chopped green pepper
Cook five minutes and put in jars and seal while hot.

BREAD AND BUTTER PICKLES

1 gal. cucumbers sliced
1/2 c. salt
2 qts. sliced onions
5 c. sugar
1 qt. vinegar
2 T. mustard seed
1 T. celery seed
1 T. ginger
1 t. turmeric

Put sliced cucumbers in large container and sprinkle salt over them. Cover with crushed ice and let stand two or three hours. Let drain while mixing others then add cucumbers and simmer until glazed. Seal in jars while hot.

SWEET PICKLES

Soak over night in large container:
2 gal. water
2 c. lime
7 lbs. sliced cucumbers
Drain and rinse until clear water.

Mix following ingredients together in large pan and pour over sliced cucumbers.
10 c. sugar
2 qts. vinegar
1 t. celery seed
1 t. cloves
1 t. pickling spices
1 t. salt
1 t. alum

Cook about forty minutes or until clear. Put in jars and seal while hot.

Bridge Winners

Tuesday evening winners in the Tuesday evening competition of the Hamlin Duplicate Bridge Club were Mrs. Dale Lain and Mrs. Gene Knabel.

Taking second place were Mrs. W. O. Willbanks and Mrs. W. L. Hunter Jr. Mrs. Floyd Briscoe and Mrs. Ray

The Piper Press

Hamlin High School Happenings

(Compiled each week by the HHS Journalism Class)

(Editor's note: Jerry Gooch, journalism teacher, is guiding the new journalism class at Hamlin High School in reporting the school events and activities. The 19-member class will be reporting the school news throughout the year in this column, The Piper Press.)

Officers for the 1975-76 school year were elected during class meetings the first of school.

The Senior Class elected Rick Craig, president; David Moore, vice president; Debi Cary, secretary; Elaine Carlton, treasurer; and Tammie Harris, reporter.

Their class favorites are Sonja Corlee and Russell May, while Piper Queen nominee is Lori Driver.

The Homecoming Queen nominees are Sonja Corlee, Debra Hollis, Cyndi Lewis and Debbie Light.

Mrs. Evelyn Sharp, Mr. Jerry Bodine, Mr. Bruce Wilson and Miss Mary Esco will serve as class sponsors.

Class parents are Mr. and Mrs. Robert Cary, Mr. and Mrs. Robert Fowler, Mr. and

Mrs. D. G. Lewis, Mr. and Mrs. Robert Pharris and Mr. and Mrs. Johnny Steele.

The Juniors chose Sue Sellers for president; Cindy White, vice president; Cheryl Baker, secretary; Jan Ford, treasurer; and Elise Kelly, reporter. Piper Queen nominee is Lisa Howard, while class favorites are De De Young and David Brown.

Class sponsors are Mr. Jerry Gooch, Mr. Carlton Taylor, and Mrs. J. B. Jayroe.

Class parents are Mr. and Mrs. Delton Jackson, Mr. and Mrs. Gerald Young, and Mr. and Mrs. Rex Reynolds.

The Sophomore Class chose Mike Hymer for president; Drew Tomlinson, vice president; Jamie Crowley, secretary; Tracy Offield, treasurer; and Olivia Marshall, reporter. Class favorites are Tracy Offield and Tommy Maberry, while Faye Cork will serve as Piper Queen nominee.

Class sponsors are Mrs. Edith Carter and Mr. David Bonds.

Dr. and Mrs. Joe D. Hymer and Mr. and Mrs. Archie Tomlinson are the class parents.

The Freshman Class elected Jamie Jones, president; Vance Lakey, vice president; Juanita Titus, secretary; Donnie Gardner, treasurer; and Randall Lewis, reporter. Class favorites are Jamie Jones and Russell Laird, while Piper Queen nominee is Julie Willingham.

Mr. Gary Finley and Mr. Bill Grissom are class sponsors.

Class parents will be Mr. and Mrs. Eddie Offield and Rev. and Mrs. Howard Jones.

The Eighth Grade elected Shanon Hinkle, president; George Arce, vice president; Lesley Wilson, secretary; Stephanie Haight, treasurer;

and Laurie Willingham, reporter.

Class favorites are Martina Gonzalez and Russell Crowley, while Piper Queen nominee is Laura Carter.

Mini - courses are being offered at Hamlin High this year for the first time in the school's history. The 30 - minute classes allow the student to pursue various crafts and skills, ranging from candle-making to photography.

Coach Bettye Davis has announced that 27 girls are trying out for the volleyball team, which will participate in district competition Oct. 25 and Nov. 1.

The Future Homemakers of America will make formal invitations to the Freshman members to a Mother - Daughter salad supper Monday, September 15 at the high school cafeteria. Mr. Tim Jones will provide the entertainment with slides of Europe, taken during the stage band's trip this summer.

The Senior Class is selling calendars until Sept. 8 as one project to earn money for their senior trip at the end of the year.

During the scrimmage last Friday in Olney, the Piper varsity outscored the Olney first team 5 - 0, while the Hamlin junior varsity tallied a 2 - 0 margin and the Freshmen were dropped by two touchdowns.

Officers for the 1975-76 Hamlin Pied Piper band are Debra Hollis, president; Gary Ford, vice president; Debi Cary, secretary; Lori Driver, historian; Cyndi Lewis, librarian; and Nicky Bond, assistant librarian.

Leading the 108 - member band will be Elaine Carlton as drum major. Majorettes, Debi Cary (head), Jan Ford and Elise Kelley, will be featured in a country and western tune during the half-time show Friday in Rotan.

The Distributive Education class held their regular

THURSDAY, SEPTEMBER 4, 1975, PAGE 3

monthly meeting Tuesday, Aug. 26 in the High School Cafeteria. The purpose of the meeting was to elect and install class officers for the 1975-76 school year.

The D.E.C.A. students elected Sonja Corlee for president, Diane Johnston, vice president; Donna Pyron, secretary; Rhonda Hart, treasurer; and Brenda Williams, reporter.

Mrs. Kate Raney of Midland spent several days last week with Mr. and Mrs. Homer Raney. While here, she and the Raneys went to Eastland for a visit with Mr. and Mrs. Jim Evalt, former Hamlin residents.

Couple Wed Friday In Wichita Falls

Mrs. Willie (Viola) Alls and Ernest Jones of Duncan, Okla., were married at 2 p.m. Friday, Aug. 22 in Wichita Falls.

The couple will live in Hamlin. She is employed by Winn's Store and he is a retired farmer.

Local Art Club Sets Meeting Here Monday

The Hamlin Art Club will meet Monday at 9:30 a.m. in the Art Studio and Gallery for a painting session. A demonstration by Mrs. LaVerta Lovell of Snyder will be presented.

Non-members are welcome to attend the demonstration for a fee of \$1 at the door.

FROM THE FILES . . .

FIFTY YEARS AGO
(Aug. 28, 1925)
The Hamlin School Board authorized the Hamlin school to be opened Monday, Sept. 7. Anticipating a larger enrollment than last year and meeting the past needs of the school, the Board has ordered and will soon install one hundred new school desks. They are also increasing the library facilities. With new headquarters for the library, together with many new volumes added to the same, it is the plan of the Board and the faculty this next session to give much attention toward building up one of the strongest standards of public school libraries for the school.

District Attorney Tom Davis resigned his position this week and the Governor immediately appointed Attorney Clem Calhoun of Hamlin to fill the place. This is one of West Texas most important Judicial Districts and the Attorney's position is a very attractive one.

The building for the reception of the Nobles Brothers and Wood Company Store is still receiving many valuable improvements. A new front is being installed, a new awning, lots of new shelving, new cashier's quarters, new plastering, new paint, and in fact a real overhauling to make one of the best stores in town. The building, formerly occupied by Jones Dry Goods Company, will likely be finished by Sept. 1.

TWENTY YEARS AGO
(Aug. 26, 1955)
All-time highs in registration are expected when school pupils of the Hamlin Consolidated Independent School District begin their trip back to classes next week, declared Foster Cook, new superintendent of schools, who also will be beginning a new school term here.

It was a tired bunch of Piggly Wiggly owners and employees who opened in the new location of the concern at the corner of Southwest Avenue A and Southwest First Street Wednesday morning after a two-days-and-nights efforts of moving and rearranging stock. Ed Duncan, owner, declared this week that a formal opening of the new spacious store will be held Sept. 10. New Superintendent of Hamlin Schools, Foster Cook is moving this weekend to assume his position as school head to succeed I. R. Huchingson, who is moving to

Kerrville. Cook has been superintendent of Spur School for 12 years and prior to that was at Peacock for 15 years.
Hugh F. Jeffrey Jr., a native of Sylvester and graduate of McCaulley High School, has been named assistant business manager of Oregon State College, according to relatives. Jeffrey attended Hardin-Simmons University for two years before he was called into service during World War II. He served four years in the service and later received his degree from Oregon State.

TEN YEARS AGO
(Aug. 26, 1965)
By noon Wednesday 264 high school students had been registered according to the principal, B. V. Newberry. Tuesday 252 students who had pre-enrolled in the spring had reported to the school for locker assignments, books and schedules. Of this group, 78 were freshmen, 63 sophomores, 61 juniors and 50 seniors.

Harry Yates of Stamford and Mrs. Preston Morrow of Rotan were first place winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge Club. Placing second were Mrs. G. W. Comegys and Mrs. Grady Bowdry of Stamford and third were Mr. and Mrs. Starr Inzer.

The Pied Pipers will travel to Clyde Friday night for their first encounter with an outside opponent. Youngblood told the Lions Club Tuesday that the coaches plan to carry 22 boys to the Clyde scrimmage and the balance will be used in the B Team encounter. Following scrimmage Friday night the Pipers will have one week to get ready for their first non-conference game with neighboring Rotan.

Randy George, Hamlin Future Farmer of America member, received top honors in the swine division last Saturday in the Fisher County Fair. He won second in junior gilt class, first in senior gilt class and first in junior boar class.

NEWS AND VIEWS . . .
And What Have You
— Continued from page One

LETTER TO EDITOR
**Writer Opposes
School Bond Issue**

Dear Editor:
The need for a new school building and other things for the district has been very well expressed in last week's paper. There are a few points they didn't bring out that I would like to.
There is about this percentage in Hamlin: thirty percent retired people on a fixed income, most of them have just enough to live on, a low standard; about thirty percent are migrants or people who pay no taxes; this leaves about forty percent able to pay for this program which the school people think they need.
As a taxpayer I am still in favor of the best education the school can provide but not all the elaborate program that has been brought up. In fact, stay within the ability of the district to pay.
There is enough wasted space on the outside of the high school to build an average building. This plan should have never been accepted by the board.
I am fully aware of the changes now and when I was in school but the same basic teaching should be reading, writing and arithmetic and not so much phony and show.
T. S. Greenway
Visiting in the home of Mr. and Mrs. Andy Bundas were his brother Mr. and Mrs. John Bundas, Carol, Susan and David of Kirkwood, N. Y.

is in a community that is going backwards.
And I am sure that ways could be found to trim the project back in some areas that could cut the cost of the total project. But sometimes this kind of trimming can be the most expensive kind of all. A great many people have fed in the information and the needs for this project and feel that this is what Hamlin needs for now and as far as they can see into the future.
It is not too hard to see now that if we only had a little more foresight when we built the new high school we would be better off today. At that time we should have built the auditorium that we plainly needed. It would have been much cheaper then and would have been nearly half paid for by now.
Let's don't vote this issue down now and force the trustees into cutting back on some things that a few years from now we will be wishing for. Since inflation has been with us almost as long as many can remember, it is not likely to go away any time soon; and if this is the case, then it is better to build now than later. We thought things were high five years ago, but now we realize that things were much cheaper than we thought. It is likely that this will be true five years from now.
If you are a registered voter and live within the boundaries of the school district, please vote Thursday, Sept. 11. It does not matter if you are a property owner or not—you must only be registered and live in the district.

A well of water...

Many important events have taken place at the well. In days long ago it was a meeting place, where all came because of the necessity to obtain life-sustaining water.

Jacob met his beloved Rachel at the well. Moses met the daughters of his future father-in-law at the well in Midian. Much later Jesus Christ met a woman of Samaria at the well and said, "Whosoever drinketh of the water that I shall give him shall never thirst: but the water that I shall give him shall be in him a well of water springing up into everlasting life."

The church of God today is a meeting place where many come to obtain this life-giving and life-sustaining water of which Jesus spoke.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

Jones County Schools to Cooperate On Vocational Education Programs

The public schools of Jones County, in cooperation with the Region 14 Education Service Center in Abilene, will be attempting to expand their vocational education offerings in the future. The schools entering into the cooperative effort are Anson, Hamlin, Hawley, Lueders-Avoca, and Stamford. The purpose of the expanded vocational education offerings will be to meet the occupational training needs of the public school students of the county.

According to Bill Walker, Director of Vocational Program Development for the schools, the schools of

Jones County now operates 19 vocational education units. However, 16 of the units are either Vocational Agriculture or Vocational Homemaking units. Two units are engaged in Distributive Education, and one unit is engaged in Coordinated Vocational-Academic Education (CVAE).

Walker stated that the thrust of the new program development will be in the areas of Trade and Industrial Training, Vocational Office Education, Health Occupations, and CVAE program. In the past, there have not been enough students at any one school to

allow the districts to qualify for such vocational programs. Through cooperative effort, the Jones County schools hope to qualify for such units, with training stations being placed at various schools in the county. These stations would be available for all students in the county schools.

Walker stated that the Texas Education Agency has shown a great deal of interest in the project as a pilot project for delivery of needed vocational programs into the smaller school districts of the state. If the cooperative project is successful, it could serve as a model for other schools and counties in Texas.

Calvary Baptist Church Holds Special Services

By Beverly Carter
The Sunday services at the Calvary Baptist Church were special in many ways last Sunday. Special for the young people because they had the opportunity of using their talents by taking over the offices and responsibilities of the church that day. Special for the adults because they had the opportunity of seeing their children and the students they had taught perform the duties of the church.

It was special in another way for the young people. Immediately after services Sunday evening, a Youth For Christ was organized and plans were made to begin working on a play for a district Youth For Christ meeting which they will host Sept. 20.

Following the Youth For Christ organization, the members of the church welcomed their new pastor, Rev. James Whitten, by presenting him with gifts for the purpose of helping him get settled into his new home. Rev. Whitten moved from Gardendale, Tx., and has already begun working with the church in many ways, introducing new programs, and helping to organize them. Everyone present hears two wonderful sermons each Sunday, and an interesting lesson about the Bible on Wednesday evenings.

Refreshments were served after the welcoming and each person there enjoyed the fellowship. It was not until ten o'clock that the doors were closed for the night.

That special day has passed, but for the members

Card of Thanks

Dear Friends,
I want to thank each of you for your many cards, letters, flowers, and visits since Foster's accident. He is progressing nicely and should be out of traction soon. He loves all his friends from Hamlin and he will be following the "Pied Pipers" each week through the Hamlin Herald. Many thanks again.

Mrs. Foster Cook

CARD OF THANKS

We would like to take this opportunity to thank each one for the flowers, food, cards and the kind words that were spoken to us in time of sorrow in the loss of our mother. We especially thank the Rev. Jim Smith and to all employees of the Holiday Lodge Nursing Home.

The children of Mrs. Ada Nixon

CARD OF THANKS

The family of L. R. Andress takes this opportunity to express heartfelt gratitude to all those who have done so much to assist and to sustain us during our great loss.

CARD OF THANKS

My son Bill and I wish to thank Brother Howard Jones and his wife, and every member of the First Baptist Church in Hamlin for making us feel so welcome. A special thanks to Lynn and Carol Mink, their music is just wonderful. May God bless each one of you always.

Neinda Philosopher Claims Raising the Price Of Gas to Cut Down Driving Won't Succeed

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews the gasoline situation this week.

Dear editor: I have been puzzling over the idea some people in Washington have that the way to conserve gasoline is to raise the price.

As I understand it, this theory is based on the notion that people drive their cars needlessly, so if you can get the price of gas up high enough a man will think twice before getting in his car when he could have walked or

taken a bus, less and less gasoline will be used and then maybe there'll be enough to go around, at least for those in the upper brackets.

However, some people already are as thrifty with their car as they are with their money, and a man of this turn of mind is already holding his driving down to a minimum, which means, under the Washington theory, that while he won't drive fewer miles, he'll pay a lot more for the same miles. Right here, a man gets confused over whether raising the price of gas is a conservation measure or a revenue measure.

Now as far as making less thrifty people cut down on their driving is concerned, I don't believe Washington understands human nature. With a lot of people, driving a car is like drinking coffee. A cup of coffee used to cost a nickel, then a dime, and now it's all the way from 15 cents to 30 cents, but nobody is drinking less coffee. As a coffee-conservation measure, raising the price is a flop. The same goes for cold drinks, chewing gum, cigarettes and for all I know lollipops and all-day suckers. Why, Congress has just raised the price of a Congressman, but you don't see fewer of them, do you?

The American public is hooked on cars, and while it's hard to see how we can do it, if the price of gas goes to a

dollar a gallon, there'll be just as many traffic jams as ever. Actually, the only sure way to conserve gasoline is to abolish weekends, holidays, summer vacations, and football games, require teenagers during the week to stay home and study, and then look out for a revolution.

I'm afraid Washington has been getting some bad advice. Raising the price of gasoline to cut down on its use is like raising the price of milk to keep babies from drinking so much of it. Even if it worked, you'd wind up with a lot of unhappy babies.

Yours faithfully,
J.A.

East Side Church Of Christ Sets Fellowship Meeting

A dinner and fellowship meeting will be held at East Side Church of Christ, corner of Avenue I and Fifth Street Sunday, Sept. 14, with the dinner being served at 1:30 p.m.

Singing and preaching will begin at 3 p.m., according to James Mayes, William Brown and the minister, Richard Lee Davis Jr. Special invitations have been mailed with the notation for visiting churches to bring their singing groups.

Roy Davis Dies In Lubbock Aug. 24

Roy Bennett Davis, internationally known cotton leader and retired general manager of Plains Cooperative Oil Mill at Lubbock, died Sunday, Aug. 24.

Funeral was held at 10 a.m. Aug. 26 in the First Baptist Church in Lubbock.

Mr. and Mrs. Jerry Caldwell of Lafayette, La. visited his grandparents, Mr. and Mrs. R. D. Caldwell over the holiday.

NEWS FROM ...

McCaulley

By Mrs. Fred Kemp

Ruby and Albert Hennington have moved to Hamlin. The Henningtons are long time residents of McCaulley. Albert has been in poor health for some time.

Mrs. Levi McCollum had Rev. and Mrs. Jim Pickens, James Mack and Larissa Ann of Abilene visiting overnight last week.

Mr. and Mrs. W. J. Kemp were afternoon visitors in the home of Mr. and Mrs. Fred Kemp and Mr. and Mrs. Frank Kemp Sunday.

Eldon Chambers, FFA Sponsor; Max Kemp, and James Kemp attended the Fisher County Fair Friday. James showed two lambs—placed one third and one fifth. Max showed two swine and came in with a Grand Champion and Reserve Champion Banner. Both boys plan to enter these animals in the West Texas Fair at Abilene next week.

Mr. Willard Franklin, principal of McCaulley Schools, is to attend an Administrative Meeting on the Drug Program in Abilene this week.

Mrs. Geneva Carter and the McCaulley Annual Staff will attend a workshop in Abilene Wednesday.

Father Dies In Abilene Home

Frank Aaron, 87, of Buffalo Gap, a retired farmer and father of Mrs. Frank Shearer, died at 1 a.m. Wednesday, Aug. 20, in Happy Haven Nursing Home in Abilene. Funeral was held Aug. 21 in Weathersbee Funeral Home Chapel in Rotan. Burial was in Hobbs Cemetery.

He had been a member of the Hobbs school board and was a member of Hobbs Baptist Church.

Survivors include five daughters, four sons; one sister, 27 grandchildren and 24 great-grandchildren.

The football game with McCaulley and Water Valley Friday night ended in a draw with both teams making one touchdown. This week our boys will play Blackwell at McCaulley Friday night at 8 p.m. We urge everyone to attend these games especially and give these boys our support whether they win or lose.

We are happy to have Mr. and Mrs. Robert Ortiz and family, which includes Barbara, James and Robert, move to our community. Mrs. Ortiz is the former Mary Faith Current. Mr. Ortiz is retired from the U.S. Air Force. They formerly lived in North Dakota, Germany and Ohio. They are presently living with the maternal grandmother, Mrs. Zenobia Current.

Mr. and Mrs. Robert McDonald spent Labor Day at their home near Dublin.

Mr. and Mrs. Eugene Baker, Cheryl and Neal visited their son and wife, Mr. and Mrs. Steve Baker in Ft. Worth, and Mr. Baker's brother, Mr. and Mrs. Stanley Baker and Cindy in Euless. They also attended a family reunion in Gainesville over the Labor Day weekend.

Mr. and Mrs. Roy Smith visited their daughter, Mrs. W. R. Gayden and family in Abilene over the weekend and also attended the wedding of their son, Robert.

Suzanne Wicker took her grandparents, Mr. and Mrs. W. D. Adair, to Eastland this weekend to visit with Mr. and Mrs. Don Adair and family in Eastland.

Deadline for news for events that happen before or during the weekend is noon Monday.

CAPITAL HIGHLIGHTS

Organized Crime Activity In Texas

AUSTIN — Organized crime is involved in Texas prostitution, bookmaking, fencing stolen goods, car theft and drugs, according to the latest report of Texas Organized Crime Prevention Council.

The Council's latest annual report estimates \$1 billion in illegal bets were placed with bookies last year, turning profits of nearly \$121 million. Bookies were said to be operating in Belton, Brownsville, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, Midland, Odessa and Wichita Falls and regularly contacting others in 117 Texas cities and 119 in other states.

Placing illegal bets on college and professional basketball games was pegged as the state's largest organized crime activity of 1974.

However, the Council said 1,628 prostitutes, 535 procurers and 89 madames have been identified by the Texas Department of Public Safety over the last seven years.

Income to organized crime from prostitution was estimated at about \$127 million annually, with prostitutes earning an average of \$1,500 a week.

The Council said no Texas membership in La Cosa Nostra has been identified, but more than 200 Texans are believed associated with the Dixie Mafia operating in Alabama, Florida, Georgia, Louisiana, Mississippi and other southeastern states.

Insurance Hearing Set The State Insurance Board tentatively set its annual hearing on automobile coverage rates October 1, and the industry is making no secret of the fact another increase will be asked.

Industry spokesmen said "average loss" cost will force rates up, though accident

frequency may have declined slightly.

The Board granted an average 8.8 per cent rate increase for auto insurance effective last January 16 — less than half the industry's request. Rates are set on the basis of losses and future projections. The October 1 hearing date conceivably could be postponed.

Hot Oil Probed Atty. Gen. John Hill and the FBI have joined in the investigation of an alleged major crude oil theft ring which might extend into Louisiana.

Hill said thefts have occurred in West Texas (three were arrested in the Ballinger area) and in the Cherokee Field of Milam County.

A Railroad Commission representative said "spotters" for the thieves find out where oil is stored on leases, and participating truckers roll up in early morning hours to load the oil and haul it to a refinery with bogus

THURSDAY, SEPTEMBER 4, 1975, PAGE 7
credentials from an East Texas independent oil operator.

Roy Payne, Railroad Commission field operations director, said a syndicate appears to have been set up to steal the costly crude oil. Hill said he suspects an organized theft ring, possibly extending across state lines. Some operators complained of thousands of dollars in losses.

Terence O'Rourke of Houston announced for Railroad Commissioner in 1976 election.

THE KNABELS SAY

THANK YOU For Your Patience ...

Which has helped us "catch up" some of your watch and jewelry repairs. We are accepting work again, and as promised, take this means of letting everyone know.

We still do not have any help in the repair department so can only pledge our usual quality work, with little guarantee on a delivery date.

So thank you again and we shall look forward to serving you as efficiently as possible.

GENE AND JOYCE KNABEL

The Hamlin Board of Community Development Urges Your Support for the School Bond Issues

At the regular monthly meeting of the Board of Directors of the HAMLIN

BOARD OF COMUNITY DEVELOPMENT, held on Friday, August 22, 1975, the following Resolution was unanimously adopted:

WHEREAS, the Hamlin Independent School District has called a special election to be held on September 11, 1975, calling for authorization to issue bonds for the construction of a new middle school, auditorium, air conditioning of the elementary and primary schools, improvements to the high school and construction of a track field; and

WHEREAS, it is vital to the continued progress of this community to provide adequate educational opportunities for our children and our children's children; and

WHEREAS, all of the proposed construction will benefit all levels of school children; will be of economic benefit to our town by bringing visitors from other towns to school meets of every type, and aid in the recruitment of new industry to our area; and will provide facilities that will meet the growing needs in the years to come;

Now, therefore, BE IT RESOLVED, that the Hamlin Board of Community Development does hereby endorse the passage of the proposed school bond issue, and urges all voters to go to the polls and vote "yes" for the sake of our children, ourselves and our future.

Pat Willoughby
President, Board of Directors
Hamlin Board of Community Development

ATTEST: Peggye J. Bonds
Executive Secretary

THE HAMLIN P-TA URGES YOUR SUPPORT FOR THE SCHOOL BOND ISSUES

VOTE SEPT. 11

We feel this is in keeping with the objectives of the Parent-Teachers Association—

- ✓ To promote the welfare of children and youth in home, school, church, and community.
- ✓ To secure adequate laws for the care and protection of children and youth.
- ✓ To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth.
- ✓ To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.

NEW ZEALAND COUPLE VISITS—Mr. and Mrs. Olly Midgley of Christchurch, New Zealand, visitors in Hamlin from Thursday until early Wednesday morning, are touring the United States in their 1930 Model A Ford which they had shipped from New Zealand. Here Nicole holds one of the sheep skins that she and Olly use on the car seats while travelling and then use as part of their bedding when camping at night. The vintage car with right hand drive has been instrumental in helping the couple to make friends as they travel. They were guests of the Young Bill Maddox family while in Hamlin.

TOURING U.S. IN MODEL A FORD—

WTCC Map Brings New Zealand Couple to Hamlin

How did a young New Zealand couple touring the United States in a 1930 Model A Ford find their way to Hamlin? Hamlin residents know that their town is not on the usual travel route for tourists, especially those from another country.

The couple, Olly and Nicole Midgley of Christchurch, New Zealand, after 11 weeks in the U. S., were in Carlsbad, N. M., and wanted to come to Texas. The only map of Texas they could find was the West Texas Chamber of Commerce map boosting West Texas.

Travelling one of the routes

marked on the map, they neared this area and Hamlin, marked as number 22, was described "Hospitable people welcome you to hunting, fishing, water sports, two lakes, city park, camping, swimming pool, nine-hole golf course, and the friendliest merchants anywhere."

This sounded like just what they needed for a Thursday evening stop. They asked for information on the camping and their informant said the only spot familiar to him was the Firemen's Cabin on South Lake.

Upon arrival there they found the volunteer firemen

gathered for a summer cookout. The Midgleys' warm, friendly nature and the interest generated by their unusual situation found them quickly among friends. West Texas hospitality being what it is—the couple was soon encouraged to use the facilities of the cabin for their overnight stay.

Friday, a young Hamlin family, Young Bill Maddox, his wife, Jackie, and children, John Bill and Jana, were eager to have the Midgleys visit with them and Young Bill's parents, Mr. and Mrs. Bill Maddox, at their home, 536 Northeast Ave. A.

The Maddoxes planned a hunting outing for Monday, Labor Day, the first day of dove season, and the families spent a lot of time visiting and learning more about their respective locales. They went to Abilene Saturday evening to see the movie "Jaws."

Trip Planned Early

When Nicole Cassidy and Olly Midgley were married in Christchurch April 26, plans were already made for the six-month tour of the United States. Olly had been working on the car, first on the chassis, and then in February

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Another football season gets underway this week with the Pipers traveling to Rotan to take on their long time foes, the Yellowhammers.

The P

The Pipers are not ranked in the state or area rankings, but if the optimism of the coaches and the players is any indication, the Pipers may fool some of the people doing the picking.

The boys looked good last week when they scrimmaged Olney, and with the usual strong backing of the Piper fans, they could get the season off to a good start Friday night against Rotan.

With Monday being the final day for absentee voting in the coming school bond election, we are fast approaching the time for Hamlin voters to make an important decision. Do we want to do what is best for our young people, or do we just want to sit back and watch the world pass us by?

Mrs. Inez Ferguson made a strong appeal to the Lions Club last week to not let this community cheat our children out of these needed facilities. Being both a teacher and a taxpayer she knows that this building program will cost us money but she also knows of the need.

Hamlin has been blessed with a great many young couples coming back home to make their home here and to raise their families. These people want to raise their families in the small town atmosphere, but at the same time they have the right to expect that their children will get a good education.

Nothing could do more to hinder this flow of young people coming back home than to turn down this bond issue to upgrade our schools. For many of us the need for better schools is no longer a personal matter but we should still be concerned about the children of our community.

Many of us no longer have children who will be using the new facilities but someone before us provided the best they could for our children and for ourselves, and now it is time to take care of this generation and those yet to come.

Sure, we are talking about a lot of money, but for most of the people in the district the cost is still small. Those with \$20,000 homes will only pay \$36.00 a year more in taxes. The new buildings could easily offset that amount in the value of the property. Property in a community with good schools and churches is just worth more than it

—Continued on page 4

Pipers to Open At Rotan Friday

Hamlin football fans will get their first look at the 1975 version of the Pipers Friday night when they travel to Rotan to take on the Yellowhammers. While they are not ranked in the state's top 10 or the area's top five, the Pipers are beginning to look like they might be another contender for district honors.

But for the football fans who do not want to wait until Friday night for the football action to start, there will be a B game here tonight (Thursday) with Rotan at 6:30. The Junior Varsity will also get their season underway tonight at 7:30 when they take on Abilene Christian High School in Abilene. Junior high fans will have to wait until the following Thursday to see the eighth grade play their first game.

Scouting reports on the Yellowhammers indicate that they have good size and quickness. Offensively, they will operate from the Houston Veer, and on defense they will

be in the split six. Information on individual personnel is skimpy according to local scouting reports since this will be the first game of the season.

Frank Lopez is expected to be the starting quarterback and is rated as a good option runner and an excellent passer. Top runner will be James Goodwin who is quick and runs hard. Kim Gray is the best pass receiver for the Yellowhammers from his split end position.

Coach David Bonds has announced the following starting lineup on his wish-bone offense for the Pipers: Gerald Rodgers, 160-pound senior, at quarterback; Delbert Thompson, 195-pound junior, at fullback; Robert Pharris, 145-pound senior, at left halfback; and Daniel Willis, 145-pound senior, at right halfback.

In the line will be Alan Steele, 145-pound senior, at split end; Paul Reynolds, 180-pound junior, at tight end; Allen Young, 175-pound junior, at left tackle; Ken Maberry, 175-pound senior, at right tackle; Steve Williams, 180-pound senior, at left guard; Donnie Nelson, 190-pound senior, at right guard; and Rick Craig, 205-pound senior, at center.

Starting on Piper's Split-Six defense will be Rodgers at safety, Pharris at left halfback, Willis at right halfback, Raymond Jordan, 160-pound senior, at left corner; Russell May, 165-pound senior, at right corner; Thompson at left linebacker; Reynolds at right linebacker; Williams at left defensive end; Allen at right defensive end; David Moore, 190-pound senior, at left defensive tackle; and Craig at right defensive tackle.

Kickoff for the Piper-Yellowhammer contest is set for 8 p.m.

Jones County Gets Education Grant

WASHINGTON, D. C. — Congressman Omar Burleson announces a \$151,581.27 Office of Education grant to the State of Texas for 998 children in Jones County. These funds will provide services for children residing in low-income areas who have need for special educational assistance in order that their level of educational attainment may be raised to that appropriate for children of their age.

The allotment of these funds for fiscal year 1976 are made available under the provisions of Part A of Title I of the Elementary and Secondary Education Act of 1965.

Hamlin PTA To Hold First Meeting Today

The Hamlin Parent Teachers Association will meet today (Thursday) at 4 p.m. at the primary cafeteria for the opening session of the school year, according to Mrs. Joe Don Hymer, president.

A panel of educators will present a program on the Hamlin School Building Program with Marvin Carlton serving as coordinator. The panel of teachers and principals will present the needs of the district and answer any questions concerning the bond election called for Thursday, Sept. 11.

Serving on the panel will be Larry Butler, elementary principal; Mrs. Inez Ferguson, junior high teacher; Miss Betty Davis, girls physical education teacher and coach; and Tim Jones, band director.

Fire Department To Flush Plugs

The Hamlin Fire Department has announced that they will flush out fire plugs throughout Hamlin Thursday at 7:30 p.m.

The city water will be rusty for some time following this; if white clothing is to be washed, it is suggested to check the water first.

ELECTION SET SEPT. 11—

Absentee Voting Ends Monday On Bond Issue

Absentee voting in the Hamlin Independent School District bond election called for Thursday, Sept. 11, will end Monday, Sept. 8, according to Bob Hawes, superintendent. The district has called a \$1,250,000 bond election for school improvements and an additional \$75,000 bond election for the construction of a track facility.

Those who desire to vote absentee may vote between the hours of 8 a.m. and 4:30 p.m. on each day except Saturday and Sunday. Mrs. J. O. Murphree is absentee clerk and ballots may be secured at the high school. The election will be held in the public school gymnasium between the hours of 8 a.m. and 7 p.m. on Thursday, Sept. 11.

All resident voters living within the school district are eligible to vote in coming election, regardless of whether or not they own property in the district.

The board of trustees of the district are planning a \$1,750,000 building program to build a new middle school building and an auditorium. Plans also call for air con-

ditioning the existing primary and elementary building and some remodeling of the high school building.

The building program was brought about because of the March fire that destroyed the junior high and auditorium building. The district will use the nearly \$500,000 collected in insurance to make up the difference between the bond being sought and the amount of the building project.

The bonds will mature over a 20 year period and will require an increase in the tax rate of 36 cents per \$100 valuation. The track proposal would require an additional 2 cents increase in taxes if it is approved by the voters.

Based on the 36-cent increase, property within the district with a market value of \$3,000 would be on the tax roll at \$1,500, the present taxes would be \$22.50, and the new rate would be \$27.90 or an increase of \$5.40 a year.

Property valued at \$10,000 would increase from the present \$75.00 a year to \$93.00, or an increase of \$18.00. Property valued at \$15,000 would increase from the present \$112.00 a year to

\$139.50, or an increase of \$27.00. Property valued at \$20,000 would increase from the present \$150.00 a year to \$186.00, or an increase of \$36.00.

A home valued at \$25,000 would increase from \$187.50 a year to \$232.50, or an increase of \$45.00. Property valued at \$50,000 would be on the roll at \$25,000 with a tax of \$375.00 and would increase \$90.00 to \$465.00.

The \$75,000 track proposal would increase taxes 20 cents per \$1,000 of actual value of property. Based on this, a home owner with a \$10,000 valued at \$5,000 on the tax roll would pay \$1.00 a year more in taxes if the track issue passes.

TSTI, Local Schools Plan Vocational Training for Adults

Texas State Technical Institute, in cooperation with Hamlin Public School District, is preparing to offer vocational courses for educationally disadvantaged adults.

Vocational courses being offered include auto body, used car reconditioning, automotive brakes, automotive front end and tire balancing, automotive maintenance and repair of the automobile engine and electrical systems, automotive tune-up, arch and oxyacetylene welding, and refrigeration fundamentals.

Others include bookkeeping, filing, office machines, office practice, typing I and II, electronics television, nurse's aide, brick and rock tending, and building trades (pre-apprenticeship).

The courses, mostly basic in nature, are open to any person 18 years of age or older who qualifies as an educationally disadvantaged individual. There will be no fees or other charges for the courses.

For more information, interested parties should contact Marvin Carlton, Hamlin High School, telephone (915) 576-3472.

Ribbons Being Held

Ribbons have been sent to contestants of the Jones County Fair in the Women's and Youth Division, however, a few ribbons are being held in the County Extension agent's office due to incomplete mailing addresses on our tally sheets.

United Way Campaign Is Formed for Hamlin

Plans were made here Thursday evening to form a United Way Campaign for Hamlin which would include as many fund raising projects into one as possible. Luther Haught was elected president of the new organization and the Rev. Jim Smith was named general fund drive chairman.

Eighteen local citizens attended the meeting to hear Gary Mathews of Stamford explain that city's United Way Campaign. Mathews is currently serving as president of that fund raising campaign.

All those present were named directors of the new organization, and plans were made for future directors to be named by the various civic organizations within the city. The present directors serve until next spring.

Efforts are currently being made for an October fund drive which will tie in with area United Way Campaigns. The executive committee composed of Haught, Smith, Bob Craig, vice president;

and Mrs. L. C. Bonds, secretary; will hold a budget session Wednesday, Sept. 10, to review requests by the various agencies who might want to be included in the campaign.

Among the organizations presently being considered for the campaign are: West Texas Rehabilitation Center, Salvation Army, March of Dimes, boys and girls summer baseball programs, Hamlin Child Day Care Center, Summer Youth Recreation program, boy and girl scouting programs, City Fat Stock Show, Cancer and Heart Funds.

Letters will be mailed to these and other organizations advising them of the budget hearing, and they will be requested to submit their request for funds at that time. The budget committee will review the requests and set a drive goal.

Fund Drive Chairman Smith named the directors to the following committees: Advance division: Joe Ford, chairman; Mrs. L. H.

McBride and Lewis Madden. Business division: Luther Haught, chairman; Mrs. Robert Fowler and Pat Willoughby.

Farmers division: Bobby Crowley, chairman; John Scarborough, Milburn Wink and Bill Feagan.

Employees division: O. H. Weaver, chairman; and Mrs. Luther Haught.

Teachers division: Bob Hawes, chairman. House to House division: Mrs. Bill Feagan, chairman; and Mrs. Roy Pritchard.

Campaign preparation division: Mrs. L. C. Bonds, chairman; and Mrs. E. W. Ueckart.

Poster committee: Mrs. Johnny Waldrop, chairman. Advertising: Bob Craig, chairman.

Officers of the organization have contacted the Texas United Way Commission Services in Austin for information on conducting a United Way Campaign and the information needed to charter the organization with state.

FRIENDSHIPS MADE OVER WEEKEND—A young New Zealand couple and a Hamlin family became good friends over the weekend when Nicole, left, and Olly Midgley, right, chose a route through Hamlin while touring the United States. Young Bill Maddox, center, met the Midgleys Thursday evening when they were directed to the Firemen's Cabin at South Lake. He invited the couple to be guests with his family, wife Jackie, son John Bill and daughter Jana. Nicole holds a sombrero from Mexico, one of their souvenirs. On the left rear window are decals from places they have visited during the 12 weeks in the U.S. The 1930 Model A Ford with right side steering will be sold by the couple at a national meet of antique car enthusiasts in Hershey, N. Y., before they fly to England. The couple left Hamlin Wednesday morning.

New Zealand Couple Visits Here—

—Continued from page 1

he started restoring the body and interior.

Nicole said it soon became a family project because relatives worked long hours helping to get the car ready. The first time it was driven was when it was used as their wedding car. A week later they drove it 300 miles to the port for it to be shipped to the United States. This took five weeks by boat.

The couple flew from New Zealand June 10. After stops in Fiji and Hawaii, they arrived in Los Angeles, Calif., and their car was waiting.

The car had been crated for the trip to prevent pilfering while on board ship, Olly said. The shipping cost \$1,000, he answered.

When asked if they might feel that it would have been more practical to purchase a car after arriving here, they said, "Oh no, the car was in our plans from the very beginning."

"We did not want to be just tourists," Nicole said. She said that they had met people easily and made friends readily because of the car.

Nicole said that they have travelled more slowly than the usual tourists. They are in no hurry. Their visas are for six months. The slower speed and the height of the car allow them to see more, she said.

When people see the 1930 car with right hand drive and New Zealand license plates, it is a real conversation piece.

Olly said that the right hand drive without modern directional signals was no problem. "Nicole gives the signals from my instructions," he said.

The Midgleys travelled on Highway One up the Pacific Coast to Canada after visiting friends in San Francisco. From Canada they toured the northwestern states stopping at scenic points. When they were in El Paso, they went into Mexico. Olly quickly added that they did not take the car—they walked. The car receives the special attention of a prized possession.

Their itinerary has included visits with friends, including Seattle, Wash., and in Canada. From here they have Texas friends in Denton and in Center. From Texas they plan to go to Louisiana and then on to Athens, Ga., to visit friends there.

Nicole's mother's aunt lives in Boston and they plan to visit there. They especially want to spend time in the East where American history began, she mentioned.

The couple camps out and prepares meals over an open fire. They buy supplies as they need them, rather than keeping ice, Nicole said. Ice does not seem to be the necessity for the New Zealanders as it is for Americans. The couple had

iced tea for the first time Friday evening with the Maddoxes.

The couple sold their assets and with their savings, Olly said, "we are self sufficient. In the United States we are not permitted to work, but when we go to England and the Continent we will be able to work."

Nicole, 22, is a registered nurse, a graduate of Christchurch School of Nursing. Jackie Maddox, an R.N. at Hamlin Memorial Hospital, teased, "We have already tried to hire her."

Olly, a mechanical engineer who was employed in heating, ventilating and air conditioning, is a graduate of Canterbury University in Christchurch.

The Midgleys have been house guests of persons they have met through antique car groups. Nicole said that this is their first time to stay with people that are not involved or interested in antique cars. She has especially enjoyed discussing nursing methods with Jackie, she said. Jackie took her to see the local hospital.

The couple said their visit in Hamlin had been most enjoyable. They said the Maddoxes and the people of Hamlin had been very gracious and most hospitable, "like the map said. It has been fabulous," they said.

The couple will include

Detroit, Mich., and another trip into Canada before going to a national meet of antique cars and classics in Hershey, N. Y. The four-day meet will draw antique car buffs from across the nation. "We will try to sell the car there," they said.

Their visas expire Dec. 11 but they will likely leave the U. S. in November to go to England. They will work there or on the Continent. They will be permitted to stay there only a limited time, however.

They have found the cost of petrol and automobiles to be less in the U. S., compared to New Zealand. "We pay \$1 per gallon (\$1.32 U.S. dollar value) but the smaller cars used there make travel costs about equal.

Nicole noticed grocery costs in the U.S. to be much higher and was very surprised when in a large supermarket a woman checked out ahead of her with a total bill of over \$70. She said that she spent about \$25 per week for the two of them in New Zealand and this includes meat.

When the Midgleys sell the car before leaving the U.S. the left rear window will likely be covered with decals showing the areas they have visited. When in Hamlin they had five more to add and were given a Hamlin Pied Piper bumper sticker for their collection.

Favorite Recipes

PICKLED SQUASH
Bring to boil:
1 c. vinegar
1½ c. sugar
1 T. salt
½ t. celery seed
½ t. mustard seed
Add:
8 c. sliced peeled squash
2 c. sliced onions
¼ c. chopped green pepper
Cook five minutes and put in jars and seal while hot.

BREAD AND BUTTER PICKLES
1 gal. cucumbers sliced
½ c. salt
2 c. sliced onions
5 c. sugar
1 qt. vinegar
2 T. mustard seed
1 T. celery seed
1 T. ginger
1 t. turmeric
Put sliced cucumbers in large container and sprinkle salt over them. Cover with crushed ice and let stand two or three hours. Let drain while mixing others then add cucumbers and simmer until glazed. Seal in jars while hot.

SWEET PICKLES
Soak over night in large container:
2 gal water
2 c. lime
7 lbs. sliced cucumbers
Drain and rinse until clear water.
Mix following ingredients together in large pan and pour over sliced cucumbers.
10 c. sugar
2 qts. vinegar
1 t. celery seed
1 t. cloves
1 t. pickling spices
1 t. salt
1 t. alum
Cook about forty minutes or until clear. Put in jars and seal while hot.

Bridge Winners

Tuesday evening winners in the Tuesday evening competition of the Hamlin Duplicate Bridge Club were Mrs. Dale Lain and Mrs. Gene Knabel.
Taking second place were Mrs. W. O. Willbanks and Mrs. W. L. Hunter Jr. Mrs. Floyd Briscoe and Mrs. Ray

The Piper Press

Hamlin High School Happenings

(Compiled each week by the HHS Journalism Class)

(Editor's note: Jerry Gooch, journalism teacher, is guiding the new journalism class at Hamlin High School in reporting the school events and activities. The 19-member class will be reporting the school news throughout the year in this column, The Piper Press.)

Officers for the 1975-76 school year were elected during class meetings the first of school.

The Senior Class elected Rick Craig, president; David Moore, vice president; Debi Cary, secretary; Elaine Carlton, treasurer; and Tammie Harris, reporter. Their class favorites are Sonja Corlee and Russell May, while Piper Queen nominee is Lori Driver.

The Homecoming Queen nominees are Sonja Corlee, Debra Hollis, Cyndi Lewis and Debbie Light.

Mrs. Evelyn Sharp, Mr. Jerry Bodine, Mr. Bruce Wilson and Miss Mary Esco will serve as class sponsors.

Class parents are Mr. and Mrs. Robert Cary, Mr. and Mrs. Robert Fowler, Mr. and

Mrs. D. G. Lewis, Mr. and Mrs. Robert Phariss and Mr. and Mrs. Johnny Steele.

The Juniors chose Sue Sellers for president; Cindy White, vice president; Cheryl Baker, secretary; Jan Ford, treasurer; and Elise Kelly, reporter. Piper Queen nominee is Lisa Howard, while class favorites are De De Young and David Brown. Class sponsors are Mr. Jerry Gooch, Mr. Carlton Taylor, and Mrs. J. B. Jayroe.

Class parents are Mr. and Mrs. Delton Jackson, Mr. and Mrs. Gerald Young, and Mr. and Mrs. Rex Reynolds.

The Sophomore Class chose Mike Hymer for president; Drew Tomlinson, vice president; Jamie Crowley, secretary; Tracy Offield, treasurer; and Olivia Marshall, reporter. Class favorites are Tracy Offield and Tommy Maberry, while Faye Cork will serve as Piper Queen nominee.

Class sponsors are Mrs. Edith Carter and Mr. David Bonds.

Dr. and Mrs. Joe D. Hymer and Mr. and Mrs. Archie Tomlinson are the class parents.

The Freshman Class elected Jamie Jones, president; Vance Lakey, vice president; Juanita Titus, secretary; Donnie Gardner, treasurer; and Randall Lewis, reporter. Class favorites are Jamie Jones and Russell Laird, while Piper Queen nominee is Julie Willingham.

Mr. Gary Finley and Mr. Bill Grissom are class sponsors.

Class parents will be Mr. and Mrs. Eddie Offield and Rev. and Mrs. Howard Jones.

The Eighth Grade elected Shanon Hinkle, president; George Arce, vice president; Lesley Wilson, secretary; Stephanie Haight, treasurer;

and Laurie Willingham, reporter.

Class favorites are Martina Gonzalez and Russell Crowley, while Piper Queen nominee is Laura Carter.

FROM THE FILES . . .

FIFTY YEARS AGO
(Aug. 28, 1925)
The Hamlin School Board authorized the Hamlin school to be opened Monday, Sept. 7. Anticipating a larger enrollment than last year and meeting the past needs of the school, the Board has ordered and will soon install one hundred new school desks. They are also increasing the library facilities. With new headquarters for the library, together with many new volumes added to the same, it is the plan of the Board and the faculty this next session to give much attention toward building up one of the strongest standards of public school libraries for the school.
District Attorney Tom Davis resigned his position this week and the Governor immediately appointed Attorney Clem Calhoun of Hamlin to fill the place. This is one of West Texas most important Judicial Districts and the Attorney's position is a very attractive one.
The building for the reception of the Nobles Brothers and Wood Company Store is still receiving many valuable improvements. A new front is being installed, a new awning, lots of new shelving, new cashier's quarters, new plastering, new paint, and in fact a real overhauling to make one of the best stores in town. The building, formerly occupied by Jones Dry Goods Company, will likely be finished by Sept. 1.

TWENTY YEARS AGO
(Aug. 26, 1955)
All-time highs in registration are expected when school pupils of the Hamlin Consolidated Independent School District begin their trip back to classes next week, declared Foster Cook, new superintendent of schools, who also will be beginning a new school term here.
It was a tired bunch of Piggly Wiggly owners and employees who opened in the new location of the concern at the corner of Southwest Avenue A and Southwest First Street Wednesday morning after a two-days-and-nights efforts of moving and rearranging stock. Ed Duncan, owner, declared this week that a formal opening of the new spacious store will be held Sept. 10.
New Superintendent of Hamlin Schools, Foster Cook is moving this weekend to assume his position as school head to succeed I. R. Huchingson, who is moving to

Kerrville. Cook has been superintendent of Spur School for 12 years and prior to that was at Peacock for 15 years.
Hugh F. Jeffrey Jr., a native of Sylvester and graduate of McCaulley High School, has been named assistant business manager of Oregon State College, according to relatives. Jeffrey attended Hardin-Simmons University for two years before he was called into service during World War II. He served four years in the service and later received his degree from Oregon State.
TEN YEARS AGO
(Aug. 26, 1965)
By noon Wednesday 264 high school students had been registered according to the principal, B. V. Newberry. Tuesday 252 students who had pre-enrolled in the spring had reported to the school for locker assignments, books and schedules. Of this group, 78 were freshmen, 63 sophomores, 61 juniors and 50 seniors.
Harry Yates of Stamford and Mrs. Preston Morrow of Rotan were first place winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge Club. Placing second were Mrs. G. W. Comegys and Mrs. Grady Bowdry of Stamford and third were Mr. and Mrs. Starr Inzer.
The Pied Pipers will travel to Clyde Friday night for their first encounter with an outside opponent. Youngblood told the Lions Club Tuesday that the coaches plan to carry 22 boys to the Clyde scrimmage and the balance will be used in the B Team encounter. Following scrimmage Friday night the Pipers will have one week to get ready for their first non-conference game with neighboring Rotan.
Randy George, Hamlin Future Farmer of America member, received top honors in the swine division last Saturday in the Fisher County Fair. He won second in junior gilt class, first in senior gilt class and first in junior boar class.

NEWS AND VIEWS . . .
And What Have You
— Continued from page One

LETTER TO EDITOR
Writer Opposes School Bond Issue
Dear Editor:
The need for a new school building and other things for the district has been very well expressed in last week's paper. There are a few points they didn't bring out that I would like to.
There is about this percentage in Hamlin: thirty percent retired people on a fixed income, most of them have just enough to live on, a low standard; about thirty percent are migrants or people who pay no taxes; this leaves about forty percent able to pay for this program which the school people think they need.
As a taxpayer I am still in favor of the best education the school can provide but not all the elaborate program that has been brought up. In fact, stay within the ability of the district to pay.
There is enough wasted space on the outside of the high school to build an average building. This plan should have never been accepted by the board.
I am fully aware of the changes now and when I was in school but the same basic teaching should be reading, writing and arithmetic and not so much phony and show.
T. S. Greenway
Visiting in the home of Mr. and Mrs. Andy Bundas were his brother Mr. and Mrs. John Bundas, Carol, Susan and David of Kirkwood, N. Y.

is in a community that is going backwards.
And I am sure that ways could be found to trim the project back in some areas that could cut the cost of the total project. But sometimes this kind of trimming can be the most expensive kind of all. A great many people have fed in the information and the needs for this project and feel that this is what Hamlin needs for now and as far as they can see into the future.
It is not to hard to see now that if we only had a little more foresight when we built the new high school we would be better off today. At that time we should have built the auditorium that we plainly needed. It would have been much cheaper then and would have been nearly half paid for by now.
Let's don't vote this issue down now and force the trustees into cutting back on some things that a few years from now we will be wishing for. Since inflation has been with us almost as long as many can remember, it is not likely to go away any time soon; and if this is the case, then it is better to build now than later. We thought things were high five years ago, but now we realize that things were much cheaper than we thought. It is likely that this will be true five years from now.
If you are a registered voter and live within the boundaries of the school district, please vote Thursday, Sept. 11. It does not matter if you are a property owner or not—you must only be registered and live in the district.

A well of water...

Many important events have taken place at the well. In days long ago it was a meeting place, where all came because of the necessity to obtain life-sustaining water.

Jacob met his beloved Rachel at the well. Moses met the daughters of his future father-in-law at the well in Midian. Much later Jesus Christ met a woman of Samaria at the well and said, "Whosoever drinketh of the water that I shall give him shall never thirst: but the water that I shall give him shall be in him a well of water springing up into everlasting life."

The church of God today is a meeting place where many come to obtain this life-giving and life-sustaining water of which Jesus spoke.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

Card of Thanks

Dear Friends,
I want to thank each of you for your many cards, letters, flowers, and visits since Foster's accident. He is progressing nicely and should be out of traction soon. He loves all his friends from Hamlin and he will be following the "Pied Pipers" each week through the Hamlin Herald. Many thanks again.
Mrs. Foster Cook

CARD OF THANKS
We would like to take this opportunity to thank each one for the flowers, food, cards and the kind words that were spoken to us in time of sorrow in the loss of our mother. We especially thank the Rev. Jim Smith and to all employees of the Holiday Lodge Nursing Home.
The children of Mrs. Ada Nixon

CARD OF THANKS
The family of L. R. Andress takes this opportunity to express heartfelt gratitude to all those who have done so much to assist and to sustain us during our great loss.

CARD OF THANKS
My son Bill and I wish to thank Brother Howard Jones and his wife, and every member of the First Baptist Church in Hamlin for making us feel so welcome. A special thanks to Lynn and Carol Mink, their music is just wonderful. May God bless each one of you always.
Bonnie and Bill Dockrey

Jones County Schools to Cooperate On Vocational Education Programs

The public schools of Jones County, in cooperation with the Region 14 Education Service Center in Abilene, will be attempting to expand their vocational education offerings in the future. The schools entering into the cooperative effort are Anson, Hamlin, Hawley, Lueders-Avoca, and Stamford. The purpose of the expanded vocational education offerings will be to meet the occupational training needs of the public school students of the county.

According to Bill Walker, Director of Vocational Program Development for the schools, the schools of

Jones County now operates 19 vocational education units. However, 16 of the units are either Vocational Agriculture or Vocational Homemaking units. Two units are engaged in Distributive Education, and one unit is engaged in Coordinated Vocational-Academic Education (CVAE).

Walker stated that the thrust of the new program development will be in the areas of Trade and Industrial Training, Vocational Office Education, Health Occupations, and CVAE program. In the past, there have not been enough students at any one school to

allow the districts to qualify for such vocational programs. Through cooperative effort, the Jones County schools hope to qualify for such units, with training stations being placed at various schools in the county. These stations would be available for all students in the county schools.

Walker stated that the Texas Education Agency has shown a great deal of interest in the project as a pilot project for delivery of needed vocational programs into the smaller school districts of the state. If the cooperative project is successful, it could serve as a model for other schools and counties in Texas.

A comprehensive needs assessment and plan of action will be submitted to the Texas Education Agency in January, 1976, for approval by the state office. In addition, financial aid will be sought from federal, private, and other state sources.

Walker, a doctoral student at Texas Tech, has been jointly employed by the Jones County schools and the Region 14 E.S.C. to implement the needs assessment and planning phases of the project. Interested citizens and civic groups may contact him at the Jones County courthouse in Anson, or they may contact their local school administrators.

Calvary Baptist Church Holds Special Services

By Beverly Carter
The Sunday services at the Calvary Baptist Church were special in many ways last Sunday. Special for the young people because they had the opportunity of using their talents by taking over the offices and responsibilities of the church that day. Special for the adults because they had the opportunity of seeing their children and the students they had taught perform the duties of the church.

It was special in another way for the young people. Immediately after services Sunday evening, a Youth For Christ was organized and plans were made to begin working on a play for a district Youth For Christ meeting which they will host Sept. 20.

Following the Youth For Christ organization, the members of the church welcomed their new pastor, Rev. James Whitten, by presenting him with gifts for the purpose of helping him get settled into his new home. Rev. Whitten moved from Gardendale, Tx., and has already begun working with the church in many ways, introducing new programs, and helping to organize them. Everyone present hears two wonderful sermons each Sunday, and an interesting lesson about the Bible on Wednesday evenings.

Refreshments were served after the welcoming and each person there enjoyed the fellowship. It was not until ten o'clock that the doors were closed for the night.

That special day has passed, but for the members

Neinda Philosopher Claims Raising the Price Of Gas to Cut Down Driving Won't Succeed

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews the gasoline situation this week.

Dear editor: I have been puzzling over the idea some people in Washington have that the way to conserve gasoline is to raise the price.

As I understand it, this theory is based on the notion that people drive their cars needlessly, so if you can get the price of gas up high enough a man will think twice before getting in his car when he could have walked or

taken a bus, less and less gaoline will be used and then maybe there'll be enough to go around, at least for those in the upper brackets.

However, some people already are as thrifty with their car as they are with their money, and a man of this turn of mind is already holding his driving down to a minimum, which means, under the Washington theory, that while he won't drive fewer miles, he'll pay a lot more for the same miles. Right here, a man gets confused over whether raising the price of gas is a conservation measure or a revenue measure.

Now as far as making less thrifty people cut down on their driving is concerned, I don't believe Washington understands human nature. With a lot of people, driving a car is like drinking coffee. A cup of coffee used to cost a nickel, then a dime, and now it's all the way from 15 cents to 30 cents, but nobody is drinking less coffee. As a coffee-conservation measure, raising the price is a flop. The same goes for cold drinks, chewing gum, cigarettes and for all I know lollypops and all-day suckers. Why, Congress has just raised the price of a Congressman, but you don't see fewer of them, do you?

The American public is hooked on cars, and while it's hard to see how we can do it, if the price of gas goes to a

dollar a gallon, there'll be just as many traffic jams as ever. Actually, the only sure way to conserve gasoline is to abolish weekends, holidays, summer vacations, and football games, require teenagers during the week to stay home and study, and then look out for a revolution.

I'm afraid Washington has been getting some bad advice. Raising the price of gasoline to cut down on its use is like raising the price of milk to keep babies from drinking so much of it. Even if it worked, you'd wind up with a lot of unhappy babies.

Yours faithfully,
J.A.

East Side Church Of Christ Sets Fellowship Meeting

A dinner and fellowship meeting will be held at East Side Church of Christ, corner of Avenue I and Fifth Street Sunday, Sept. 14, with the dinner being served at 1:30 p.m.

Singing and preaching will begin at 3 p.m., according to James Mayes, William Brown and the minister, Richard Lee Davis Jr. Special invitations have been mailed with the notation for visiting churches to bring their singing groups.

Roy Davis Dies In Lubbock Aug. 24

Roy Bennett Davis, internationally known cotton leader and retired general manager of Plains Cooperative Oil Mill at Lubbock, died Sunday, Aug. 24.

Funeral was held at 10 a.m. Aug. 26 in the First Baptist Church in Lubbock.

Mr. and Mrs. Jerry Caldwell of Lafayette, La. visited his grandparents, Mr. and Mrs. R. D. Caldwell over the holiday.

NEWS FROM . . .

McCaulley

By Mrs. Fred Kemp

Ruby and Albert Hennington have moved to Hamlin. The Henningtons are long time residents of McCaulley. Albert has been in poor health for some time.

Mrs. Levi McCollum had Rev. and Mrs. Jim Pickens, James Mack and Larissa Ann of Abilene visiting overnight last week.

Mr. and Mrs. W. J. Kemp were afternoon visitors in the home of Mr. and Mrs. Fred Kemp and Mr. and Mrs. Frank Kemp Sunday.

Eldon Chambers, FFA Sponsor; Max Kemp, and James Kemp attended the Fisher County Fair Friday. James showed two lambs—placed one third and one fifth. Max showed two swine and came in with a Grand Champion and Reserve Champion Banner. Both boys plan to enter these animals in the West Texas Fair at Abilene next week.

Mr. Willard Franklin, principal of McCaulley Schools, is to attend an Administrative Meeting on the Drug Program in Abilene this week.

Mrs. Geneva Carter and the McCaulley Annual Staff will attend a workshop in Abilene Wednesday.

Father Dies In Abilene Home

Frank Aaron, 87, of Buffalo Gap, a retired farmer and father of Mrs. Frank Shearer, died at 1 a.m. Wednesday, Aug. 20, in Happy Haven Nursing Home in Abilene. Funeral was held Aug. 21 in Weathersbee Funeral Home Chapel in Rotan. Burial was in Hobbs Cemetery.

He had been a member of the Hobbs school board and was a member of Hobbs Baptist Church.

Survivors include five daughters, four sons; one sister, 27 grandchildren and 24 great-grandchildren.

The football game with McCaulley and Water Valley Friday night ended in a draw with both teams making one touchdown. This week our boys will play Blackwell at McCaulley Friday night at 8 p.m. We urge everyone to attend these games especially and give these boys our support whether they win or lose.

We are happy to have Mr. and Mrs. Robert Ortiz and family, which includes Barbara, James and Robert, move to our community. Mrs. Ortiz is the former Mary Faith Current. Mr. Ortiz is retired from the U.S. Air Force. They formerly lived in North Dakota, Germany and Ohio. They are presently living with the maternal grandmother, Mrs. Zenobia Current.

Mr. and Mrs. Robert McDonald spent Labor Day at their home near Dublin.

Mr. and Mrs. Eugene Baker, Cheryl and Neal visited their son and wife, Mr. and Mrs. Steve Baker in Ft. Worth, and Mr. Baker's brother, Mr. and Mrs. Stanley Baker and Cindy in Euless. They also attended a family reunion in Gainesville over the Labor Day weekend.

Mr. and Mrs. Roy Smith visited their daughter, Mrs. W. R. Gayden and family in Abilene over the weekend and also attended the wedding of their son, Robert.

Suzanne Wicker took her grandparents, Mr. and Mrs. W. D. Adair, to Eastland this weekend to visit with Mr. and Mrs. Don Adair and family in Eastland.

Deadline for news for events that happen before or during the weekend is noon Monday.

CAPITAL HIGHLIGHTS

Organized Crime Activity In Texas

AUSTIN — Organized crime is involved in Texas prostitution, bookmaking, fencing stolen goods, car theft and drugs, according to the latest report of Texas Organized Crime Prevention Council.

The Council's latest annual report estimates \$1 billion in illegal bets were placed with bookies last year, turning profits of nearly \$121 million.

Bookies were said to be operating in Belton, Brownsville, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, Midland, Odessa and Wichita Falls and regularly contacting others in 117 Texas cities and 119 in other states.

Placing illegal bets on college and professional basketball games was pegged as the state's largest organized crime activity of 1974.

However, the Council said 1,628 prostitutes, 535 procurers and 89 madames have been identified by the Texas Department of Public Safety over the last seven years.

Income to organized crime from prostitution was estimated at about \$127 million annually, with prostitutes earning an average of \$1,500 a week.

The Council said no Texas membership in La Cosa Nostra has been identified, but more than 200 Texans are believed associated with the Dixie Mafia operating in Alabama, Florida, Georgia, Louisiana, Mississippi and other southeastern states.

Insurance Hearing Set The State Insurance Board tentatively set its annual hearing on automobile coverage rates October 1, and the industry is making no secret of the fact another increase will be asked.

Industry spokesmen said inflation and increasing "average loss" cost will force rates up, though accident

credentials from an East Texas independent oil operator.

Roy Payne, Railroad Commission field operations director, said a syndicate appears to have been set up to steal the costly crude oil. Hill said he suspects an organized theft ring, possibly extending across state lines. Some operators complained of thousands of dollars in losses.

Terence O'Rourke of Houston announced for Railroad Commissioner in 1976 election.

SAY
THANK YOU
For Your Patience . . .

Which has helped us "catch up" some of your watch and jewelry repairs. We are accepting work again, and as promised, take this means of letting everyone know.
We still do not have any help in the repair department so can only pledge our usual quality work, with little guarantee on a delivery date.
So thank you again and we shall look forward to serving you as efficiently as possible.

GENE AND JOYCE KNABEL

The Hamlin Board of Community Development Urges Your Support for the School Bond Issues

At the regular monthly meeting of the Board of Directors of the HAMLIN BOARD OF COMUNITY DEVELOPMENT, held on Friday, August 22, 1975, the following Resolution was unanimously adopted:

WHEREAS, the Hamlin Independent School District has called a special election to be held on September 11, 1975, calling for authorization to issue bonds for the construction of a new middle school, auditorium, air conditioning of the elementary and primary schools, improvements to the high school and construction of a track field; and

WHEREAS, it is vital to the continued progress of this community to provide adequate educational opportunities for our children and our children's children; and

WHEREAS, all of the proposed construction will benefit all levels of school children; will be of economic benefit to our town by bringing visitors from other towns to school meets of every type, and aid in the recruitment of new industry to our area; and will provide facilities that will meet the growing needs in the years to come;

Now, therefore, BE IT RESOLVED, that the Hamlin Board of Community Development does hereby endorse the passage of the proposed school bond issue, and urges all voters to go to the polls and vote "yes" for the sake of our children, ourselves and our future.

Pat Willoughby
President, Board of Directors
Hamlin Board of Community Development

ATTEST: Peggye J. Bonds
Executive Secretary

THE
HAMLIN P-TA
URGES YOUR SUPPORT
FOR THE
SCHOOL BOND ISSUES
VOTE SEPT. 11

We feel this is in keeping with the objectives of the Parent-Teachers Association—

- ✓ To promote the welfare of children and youth in home, school, church, and community.
- ✓ To secure adequate laws for the care and protection of children and youth.
- ✓ To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth.
- ✓ To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.
